

ECVCP Summer School 2013
July 19th – 23rd, Porto, Portugal
First announcement

The ECVCP is happy to announce that a Summer School has been organized for ECVCP Residents. The Summer School will be held at the University of Porto (Portugal) from July 19th to July 23rd 2013.

The school will include lectures and practical sessions focused on the 4 core areas of the ECVCP exam (general clinical pathology, cytology, hematology and clinical chemistry). Topics for lectures will be the following: pathophysiology of clinical pathology changes in ruminants; special stains in cytology; clinical chemistry in toxicological clinical pathology, interpretation of hematology graphs and hemostasis. A self-assessment test and resident-managed sessions will also be included.

Details of the programme and participant fees will be posted in about one month.

Residents that are interested in attending the Summer School are invited to communicate their name to the Board through the secretariat@ecvcp.org mail address.
