

We are seeking a **Clinical Pathologist** to join our Lab Services group on a permanent, full time basis. We are a UKAS-accredited laboratory to ISO/IEC 17025:2005 standard, providing quality haematology, biochemistry and microbiological services to companion animal practices across the UK.

This is an exciting opportunity to join a dynamic and expanding laboratory based near London. We have a motivated team of highly qualified technical staff that ably support our clinical pathologists, and have recently been joined by a Diplomat of the new European College of Veterinary Microbiology.

Main responsibilities and tasks;

- Interpretation of laboratory results in haematology, biochemistry, cytology and microbiology
- Client consultation by telephone
- Participation in the laboratory's quality programmes
- Staff mentoring and training
- Contribution to the evaluation of new methodologies and equipment

What you'll bring to the team;

- Veterinary undergraduate degree and eligibility for Royal College of Veterinary Surgeons (RCVS) registration
- Postgraduate experience and formal qualifications (FRCPath/ECVP/ACVP) in veterinary clinical pathology
- A service-orientated approach
- Ability to work co-operatively in a team environment

If you are interested in this role and wish to apply please send your CV and cover letter to recruitment@labservices.uk.com
